New plan features and expanded benefits

MORE coverage, MORE peace of mind.

As the challenges of homeownership evolve, American Home Shield is making it a priority to keep pace. Recently, we've enhanced our real estate home warranty plans and benefits to meet the needs of modern buyers and sellers, while maintaining the dependable coverage and budget protection our members have trusted for more than 55 years.

Plan changes and benefits:*

Now included in ShieldComplete℠: Exterior lines coverage

Exterior lines coverage helps repair underground water, sewer and gas lines, giving buyers a new way to protect their wallets. (Available as an add-on to other plans.)

Now included in ShieldPlus℠: Unlimited refrigerant

Adding unlimited refrigerant to ShieldPlus means we can help reduce your clients' out-of-pocket costs on covered HVAC repairs. Hooray! (Also included in ShieldComplete.)

Now available: Complimentary seller coverage

Seller coverage is now available **at no additional cost** with the purchase of buyer coverage. Sellers get added budget protection while the home is on the market and you deliver more value.

Only with AHS: Video call for all

As a member benefit, every AHS® buyer plan now includes the option to troubleshoot home issues over a live video call with vetted repair Technicians in the app — **at no extra cost**.

American Home Shield®
Don't Worry. Be Warranty.

*Additional coverage and member benefits are not included in seller coverage. For buyer use only. Optional coverages contain coverage limits. Plans subject to change. See the plan agreement at ahs.com/contracts for coverage details, including service fees, limitations and exclusions. Coverage limits and charges for non-covered items may apply.
